**A fascinating book
to dream, play, and imagine . . .**

Most children love to play with colors. In this book, a little girl creates an amazing new world just with her hands and fingerprints: wonderful animals of all sizes living in fantastic gardens and in the depths of the sea, as well as real monsters.

Some of these paintings were so beautiful that when the little girl threw them out of the window, they became real birds and started to fly.

This book is more than a charming story: it shows children how they can paint their own little zoo with their very own hands as a model.
